## The History of Limes

In the eighteenth century Scottish naval surgeon Sir James Lind discovered that lime was a preventative of scurvy, hence British seamen become known as limeys.

Columbus is credited with bringing the lime to Haiti where it was carried on by Spanish settlers to Florida. It flourished in South Florida, Florida Keys, Hence the current name key lime.

Limes are high in vitamin C and Calcium.

Dwarf Tahitian is the most preferred lime and is also known as the bartenders friend.

We hope you enjoy your time at lime beauty rooms, and remember limes make you smile.
